## Black History Month 2024

# B: M2024

**DIG DEEPER, LOOK CLOSER, THINK BIGGER**

The theme of this year's Black History Month is reclaiming narratives so in classes and in assemblies we will be hearing stories of significant black people who have made an impact on life in the UK and beyond. If you are a member of our community and are black we would love you to come in to share with us too. Activities could include: reading stories, sharing language, sharing national dress, creating art pieces or cooking from your country of origin. **Speak to your child's teacher to book a time to share.**

You can find out more about this year's Black History Season and see the full programme of events at [lovecamden.org/blackhistoryseason](http://lovecamden.org/blackhistoryseason).

**Well done Year 4!**

### This week in class

<b>Nursery</b>	Nursery have been very busy this week! We read books such as 'The colour of us, Marvellous me, We are all different and All are welcome'. We've continued to celebrate diversity and our uniqueness. The children have painted self- portraits, looking closely at their skin colour, as well as eye and hair colour. The portraits will be on display above the children's pegs. We also read 'Freddie and the fairy' which gave us a better understanding of what it means to be deaf. The fairy couldn't hear well and we discovered ways to communicate more effectively with someone who is deaf. The children were introduced to Maresia Liburd-Spencer, the founder of Black Deaf UK. She uses British sign language and we learnt how to sign thank you and rain (seeing as though we've had so much!). This week we also discovered a range of feelings after reading 'The colour monster'. The children created their own feelings monster and during a circle time, shared what makes them happy.
<b>Reception</b>	This week in Reception, the children have learnt the sounds 'i, n, m and d'. We particularly loved the letter 'm' as we got to play with the musical instruments and made some masks. For all of them they have worked really hard on the correct letter formation, having a go writing with chalk outside, using whiteboards or writing on paper. We also started blending the letters we know together to read simple words. Reception had their first drawing club this week- all based around the book 'Superworm'. We loved drawing our own Superworm, and creating a vehicle to help rescue the lizard. Some great creative ideas! In Maths we have been looking at matching and sorting. We sorted all the small wooden blocks outside to what shapes they had, and whether they had 'straight' or 'curved' sides. Finally we managed to have a little ballet lesson with our ballerina expert 'Olivia', we learnt all the five positions and then danced to Swan Lake.
<b>Class 1</b>	This week in literacy the children took part in some drama and acted out the story of Beegu. They also sequenced the story in their books and wrote some lovely sentences. In maths we have been comparing numbers up to 10 and have learnt how to write the greater than and less than symbols. In phonics we have finished recapping phase 4 phonemes and will move onto phase 5 next week. In science we went on an Autumnal walk and spotted some signs of Autumn. In RE we have focused on the word "Belonging" and discussed some groups that we belong to. The children then designed a belonging badge and presented them to the class. In art the lovely Ella joined us and helped us to create some gorgeous cushion covers, which we have displayed in our classroom. Well done for a great week Year 1.
<b>Class 2</b>	In Class 2 this week, we have been writing diaries about the Great Fire of London. The children put a lot of time and thought into constructing sentences and planning what they would write. We are excited to copy them up and put them on display next week. In maths, we are counting in 2s, 5s and 10s. Please practice this at home if you can! In geography, we learnt the difference between human and physical geographical features and used this knowledge to identify different physical features on a map of Hampstead. Thank you to all the parents who were able to attend Magical Maths Morning on Tuesday. We hope you can make it again next Tuesday.
<b>Class 3</b>	Class 3 has had another busy week. We began our new writing topic of diary entries. Drawing inspiration from Scott the Antarctic and Tom Crean's Rabbit. Students have been fascinated with these stories and experiences, asking many thought provoking questions. In Maths, we have wrapped up our Place Value unit and are ready to move onto Addition and Subtraction. As always we will continue to practice our timetables weekly. Three weeks to go, where has the term gone!
<b>Class 4</b>	In maths, we have reached the end of our place value topic. We finished by learning to round to the nearest 100 then to the nearest 1000 and also applied our learned skills to round to the nearest 10, 100 and 1000 interchangeably within a variety of different problems. We also completed an assessment on all the concepts learned throughout the topic. Within literacy, we wrote our own stories based on the well known tale of Robin Hood including an introduction, build up, problem for the main character to face, a resolution to how this was solved and an appropriate ending to our story. Our introduction focused on using figurative language and expanded noun phrases. Whilst writing our build up, our focus was to use fronted adverbials. We focused on including speech within our problem. We aimed to include other things like vibrant verbs, adverbs, short sentences and questions throughout and whilst writing our resolution and ending. For history, we began to explore the process of mummification and ordered the steps of this process. In computing, we learned about computer networks and, in particular, the role of a 'switch' and 'router' in the sharing, sending and receiving of information within networks and between networks. It became apparent how the internet is a network of networks spanning across the country as well as across different countries in the world.
<b>Class 5</b>	This week, Class 5 has learned in Maths how to add and subtract numbers with more than 4 digits; how to round in order to estimate numbers and check answers; how to use our knowledge of inverse operations to check answers. In Literacy, we learned about the features of Persuasive Letters and Letters of Complaint, planning and writing our own letters. In History, we looked into the differences between Athens and Sparta in Ancient Greece and learned about the Battle of Marathon. In Science, we focused on Jane Goodall and her work with chimpanzees, while in PSHE we discussed the importance of hydration and in RE we read the story of Bilal ibn Rabal.
<b>Class 6</b>	Factors, multiples, primes as well as squared and cubed numbers have all been reviewed in Maths this week - along with a whistle-stop tour of Roman numerals too! We also taught the children how to play 'Fizz-Buzz' - it's a fun mental-maths game so get playing with your child! In History, we learned all about 'Rationing' during WW2 and how it included obvious items like food (sugar, bacon, butter etc.) but also things like clothes. Did you know that rationing ended in 1954 - long after the war had ended? In Literacy, children planned and wrote their first draft of the wartime narrative 'Beyond the Lines' and once again, we reviewed how to edit and improve work when writing longer pieces of prose. In Science, we learned all about the intricacies of inheriting a certain eye-colour from your parents. Finally, in R.E., we researched how different religions celebrate their faith through song, dance or other art forms.

## TO ALL NEW PARENTS

Welcome to Fitzjohn's!

We hope your child is settling into the school and you are already beginning to feel the warmth of our community spirit.

We wanted to take the opportunity to reintroduce our parent body the FSA (Fitzjohn's School Association) . The FSA is all of us and aside from creating a brilliant community spirit we raise money for the school This money we raise means we can have a teaching assistant in every classroom, it pays for music and gym teachers, it updates our technology and our playground, it pays for new books and transport for school trips and much, much more.

The money we raise, helps Rob to deliver the best school possible for our kids.

Last year we raised an incredible £106k and this year we need to do the same, to provide the same level of support to the school.

70% of the money we raise is through monthly parental contributions and associated Gift Aid.

As the newest members of the school, you have a huge role to play. and you can easily contribute via this link; <https://www.fitzjohnsprimary.com/>

This is of course according to means and there are many other ways you can support the school and FSA.

Please do not hesitate to contact Lee Fels (Dad of Oscar in Y3 & Rae in Reception) if you have any questions.

# PLEASE HELP CAMDEN FOODBANK

Camden Foodbank is a local charity supporting adults and children in food crisis. In the past 12 months the Trussell Trust group of foodbanks gave over 3.1 emergency food parcels to people in food crisis with over 1.1 million of these parcels being given out to children. The winter months are the worst for people with no access to food as they also need to keep warm to survive.

**HOW CAN YOU HELP?** Please donate **targeted food** to help Camden Foodbank make up emergency parcels or please donate money.

### Cross Country Running

This has been rescheduled to Friday 11 October. Your previous consent letters still stand. We will need parents to help walk down with us at 9.30am. The first race is at 10.45am. Parents/carers are welcome to join us down there.

**Help!**

We will need your help at 3.40pm on Friday 25 October to clear Reception class so they can fit the lino in October half term.

**Moving on to secondary school in Camden**

Parents and carers who are applying for Year 7 places can visit Camden secondary schools at their open events this term. These open events are a great way for parents and carers to find out more about the borough's 10 state secondary schools for themselves before applying. Local group Meet the Parents also holds its own independent forums at local primary schools, where families can 'meet the parents' and students who attend their local secondary schools. Children will be due to start secondary school in September 2025 if they were born between 1 September 2013 and 31 August 2014. Year 7 applications for 2025 entry open on 1 September 2024 and you need to apply before 31 October 2024. Visit [camden.gov.uk/secondary-school-admissions](https://camden.gov.uk/secondary-school-admissions) to find out more, including dates of open events and our secondary admissions guide.

**Class Assemblies**

These happen on Fridays at 9.15am and last about 15 minutes.

Join Rob afterwards for the class meeting!

- 25 October Y6
- 15 November Y4
- 22 November Y3
- 29 November Y5
- 6 December Reception

Nursery do their first assembly in the Spring Term and Y1/2 will be performing a version of the Christmas story at 2pm on Tuesday 10 December.

Please leave school promptly at the end of the day or after collecting your child as staff are still working.

Please help your child to remember that they must not play football before or after school.

If you are waiting for a sibling in a club please wait in the library or in the monkey bar area.

**PINS project**

Share your views!

We are one of the select schools that will be involved in the new PINS - Partnership for Inclusion of Neurodiversity in Schools programme.

The project aims to increase inclusivity in mainstream primary schools for students who are Neurodivergent- a term which covers a range of brain types including Autism, ADHD, Dyslexia, Dyspraxia, DCD, FASD and many more.

We would love to hear your views as parents by asking you to complete this Parent & Carer survey regarding your child's school provisions.

The project is looking to improve the experiences of children with additional educational needs in mainstream schools. The insights you provide in the survey will be used to help us identify the current strengths and areas for improvement at your child's school.
